You've been tossing in your sleep  
All the promises you made that you couldn't keep  
And you're feeling sorry for yourself  
Think he's done with you, had Him on the shelf

And you're tired of running in the race  
Straying to and fro, falling on your face  
Oh, you want to throw your towel on in  
Brother before you do, you better think again

Never say die, no, you've come too far to turn back now  
Give it one more try and He'll help you through  
Never say die, no, we are weak but He is strong  
And strength He will supply when you ask Him to

You went wrong, you remember when  
Instead of pressing toward the mark, you missed it  
once again  
And you think that you're the only one  
Who's ever come your way and done what you have  
done

So you try to tuck your tail and run  
But then you realize, you're back where you've begun  
Oh, can't you see Him waiting there for you?  
With arms wide open now, wanting to see you through

Never say die, no, you've come too far to turn back now  
Give it one more try and He'll help you through  
Never say die, no, we are weak but He is strong  
And strength He will supply when you ask Him to

Press on, press on  
Keep your hand upon that plow  
Press on, press on  
And he will lead you through somehow

Never say die, no, you've come too far to turn back now  
Give it one more try and He'll help you through  
Never say die, no, we are weak but He is strong  
And strength He will supply when you ask Him to

Never say die, no, you've come too far to turn back now  
Give it one more try and He'll help you through  
Never say die, no, we are weak but He is strong  
And strength He will supply when you ask Him to

Never say die, no, you've come too far to turn back now  
Give it one more try and He'll help you through  
Never say die, no, we are weak but He is strong  
And strength He will supply when you ask Him to
