He likes caviar, he likes champagne
Calls his broker just to check his gain
He made a profit of considerable size
Don't ask him no questions, he will tell you no lies

He kept thinking that he had it made
Never considering the price he paid
Earth bound treasures that will fade away
There ain't nothin' that will last him through the
judgement day

Then he heard somebody say
There's a true way

You'll be set for life
If you give your heart and believe what He's done for
you
You'll be set for life
With your treasures stored up in Heaven when you're
through
(Whoa, whoa)
Never have another care, as long as you are there
(Whoa, whoa)
Rich in God beyond compare

Now these days, he's like a different man
He's got a heart of gold, he lends a helping hand
All he has he knows is never his
His heart is up in Heaven where his treasure is

And now you'll hear him say
In his own way

You'll be set for life
If you give your heart and believe what He's done for
you
You'll be set for life
With your treasures stored up in Heaven when you're
through
You'll be set for life
You'll have all you need just receive with a willing heart
You'll be set for life

You'll be on your way any day you decide to start

Set for life
You've got it made

Now he has the right to say
In a true way

You'll be set for life
If you give your heart and believe what He's done for
you
You'll be set for life
With your treasures stored up in Heaven when you're
through
You'll be set for life
You'll have all you need just receive with a willing heart
You'll be set for life
You'll be on your way any day you decide to start

You'll be set for life
You'll be set for life
You'll be set for life
You'll be set for life
