The Battle cry's getting louder  
The countdown's close to the final hour  
The enemy is on every side  
Still no match for the Crucified  
Victory unto victory  
We are soldiers in His army

Stand up, take a stand for Jesus  
Stand up, so the whole world sees us  
Showing the way to a world gone astray  
Shing our light with all of our might  
Stand up, take a stand for Jesus  
Stand up, so the whole world sees us  
Following Him, and serving Him  
Fighting the fight that we know we will win

Gotta lay our lives down  
And stand up for the truth we've found  
Gotta let the redeemed of the Lord say so

Sometimes we're runnin' along  
Blind to where we're goin'  
Sometimes we lose our bearings  
When the storm is blowin'

We know this shadow land is only temporary  
These light afflictions work a great eternal glory

We walk by faith, not by sight  
Strengthened by His glorious might  
Walk by faith, not by sight  
Heading for that land of light  
Walk by faith and not by sight

Hold fast your confidence  
You've got an invitation  
To meet Him in the air  
at His revelation

I wonder how it makes you feel when the prodigal won't  
come home

I wonder how it makes you feel when he'd rather be on  
his own  
I wonder what it's like for you when a lamb has gone  
astray  
I wonder what it's like for you when your children  
disobey

It must be like another thorn struck in your brow  
It must be like another close friend's broken vow  
It must be like another nail right through your wrist  
It must be just like  
Just like Judas' kiss

It must be like another thorn struck in your brow  
It must be like another close friend's broken vow  
It must be like another nail right through your wrist  
It must be just like  
Just like Judas' kiss
