Ps. 18

Moving through the shadows of uncertainty

Clinging to the words You said

Through my loneliness and fear

I long to feel you near

But I hear another voice inside my head

But then the darkness is broken into

By inescapable light from You

I'm never standing alone

Chorus:

You Are my Rock

My Fortress, my Shield

You Are my Rock

Let Your Strength be revealed

My Rock, my Comfort, my Peace

My Salvation, my Refuge, my God

You Are my Rock

Through the desperate night

My soul cries out to You

Longing just to hear Your Voice

In the quiet solitude

I sense your magnitude

And feel the Strength

That makes my heart rejoice

You Are the Anchor securing me

I'll never drift on the shifting sea

You Are the Eye of the storm

Repeat Chorus

Through all loneliness

This world could ever bring

I'll take my refuge

In the Shadow of Your Wing

Repeat Chorus
