From it's earliest beginnings the idea of justice within  
Our system  
Has been nothing more than a blatant lie  
The idea of unbiased law and order  
Distributed by the very ones that wish we would die

From the very start the cops sole purpose was to  
Protect white interest  
U.S. Marshals were established to suppress indigenous  
Resistance  
But it's not just the cops, there's more at stake than  
That  
It's the prison guards, the FBI, and all they say  
"protects"  
The Army, the Navy, the Air Force, the Marines  
All support this racist shit where you're 3/5 a human  
Being

Don't feed me this "white rights" shit like no one  
Understands you  
You're not oppressed you're a fucking killer and the  
Cops stand behind you  
Time and time again, we see it on the streets  
Cops support the KKK and the values that they teach  
And when people in communities try to fight back  
Racists use their right to free speech to justify their  
Attack

And we all feel the backlash when we voice our  
Opposition  
Because the cops will stop at nothing to defend the  
Klan's position  
So we're the ones that feel the long arm of "justice"  
Tighten around our throats to ensure our silence  
Because the cops are the KKK  
And the opposite is true  
That the same racist fucker that burns the cross at  
Night  
Hides behind a badge in daylight  
And is said to be protecting you

Blue by day, white by night

Killer cops on the streets taking away our rights  
Blue by day, white by night  
Just sit back, don't make a fuss, or they'll snuff out  
Your life  
Blue by day, white by night  
Killer cops on our streets issuing our "rights"  
Blue by day, white by night  
Just sit back, don't make a fuss, or they'll snuff out  
Your fucking life
