A freedom for which there is no need to fight
Do as they want and they'll tell you it's right.
They can forcefeed the lies but you don't have to
Swallow
Only you possess the right to not follow
Selfish ideals let you always win
I support - I'm the "subject", I object - I'm a
"victim"
So you've found an outlet that makes you feel strong?
This form of sexism has gone on too long.
Dancing before you - no mind and no name
Posed on the pages - playing your game
You say you support this self liberation
As you're gaining your strength out of pure
Degradation.
Everyday men, women and children are victimized as a
Direct result of the images forcefed into our heads
From birth.
Images that depict people as sexual objects and not as
Individual beings with our own hearts and minds.
Our culture has separated sex and love and put power
in
Love's place.
And it is this patriarchal sexuality, an inherently
Oppressive sexuality, that is based on power rather
Than love.
True sexual liberation is about realizing our natural
Sexual desires,
Not using objectification as a means to an end.
It is a mistake to see pornography as a valid and
Accurate representation of our natural sexual desires,
For playing into sexual stereotypes and acting out
Roles of dominance and submission that the system
has
Forced upon us is not defining our own sexuality.
What we have been doing for centuries cannot be
changed
In one night.
But we must begin to work for true sexual liberation,
Both at the political and individual levels.
And we must begin now.
