Strengthen your mind.  
We're living in serious times,  
Is such a mysterious times.  
We're living in serious times.

Strengthen your mind.  
We're living in serious times,  
Is such a mysterious times.  
We're living in serious times.

Youth do not know,  
If your friend a your enemy or your friend  
Right now things are hectic.  
So who is serious at playing tricks?  
Keep on firm meditation  
Don't stop in nothing foolish  
Keep your heart clean and strong  
Let your god self be established

And...  
Strengthen your mind.  
We're living in serious times,  
Is such a mysterious times.  
We're living in serious times.

So...  
Strengthen your mind.  
We're living in serious times,  
Is such a mysterious times.  
We're living in serious times.

Take this advice  
A mother once gave to her son  
Give not your strength to a deleterious woman  
Know that the ways that can destroy a true king man  
Because Dalilah was on the prowl and she's a deadly  
one

So...  
Strengthen your mind.  
We're living in serious times,  
Is such a mysterious times.

We're living in serious times.

Strengthen your mind.
