Upside down
If you fall into the ground
Coo Coo is the movie
Coo Coo is the city

Upside down
Now we are running all around
Coo Coo, are you dancing?
Coo Coo, are you feeling?

Picking up together
Growing up your fever
So you're never feeling blue

Oh come and get it, baby
Hear the people saying
Everybody take your hand

Rolling on the ceiling
Rolling by your feelings
Rolling on the ceiling again

Oh, Juju told me, Clover,
He could be your lover
All this thought for losing your head
Oh, I want to see your body twisting again
Yeah Yeah Yeah Yeah
