Just No Other Way (To Love Me)

Verse 1:

Here we are alone again in your arms again
And it keeps on getting better
Well I don't mean to read your mind
Cuz when I look in your eyes I can almost see forever
But before you go too far, before I fall too fast
Baby you should know I need love that's gonna last
You gotta promise to be here, through the laughter and
the tears
Let me know that you're my everyday and everynight

Chorus:

Cuz there's just no other way to love me
Take my heart-take my soul
Baby never let me go
No-there's just no other way to love me
That's the way it should be if you're gonna fall in love
with me
There's just no other way to love me

Verse 2:

Let me show you how much I care and baby I swear
I'll be right there when you need me
But I gotta know that you'll always be true
That you're gonna see this rule
And give your heart completely
I wanna feel it when we kiss believe it when we touch
Baby don't just say you love me cuz words are not
enough
I wanna see it in your eyes believe it deep inside
Gotta know you'll be here everyday everynight

Cuz there's just no other way to love me
Take my heart-take my soul baby never let me go
No-there's just no other way to love me
That's the way it should be
If you're gonna fall in love with me
There's just no other way to love me

Bridge:

I will never ask for more than a gift to you
(Gonna give my everything)
Give my everything (But I gotta know that your heart is
true)
Everyday everynight (For the rest of your life)

Cuz there's just no other way to love me
Take my heart-take my soul baby never let me go
No-there's just no othe
