"Wither Away"

Is it all just a shape?
A twist of fate that leaves me open
Will it all fade away?
From my life, and leave me broken
It's all just a game
As you left me here to wallow
It's all been a fake
And it's hard to swallow

And I wither away and die
Tomorrow's just another day to cry
I wither away and die
Clip my wings
Without you I can't fly
Can't fly
Can't fly (Can't fly)

What if life were a dream?
Would you be they're waiting for me?
Suicide in a sleep
I'd rather die and have you miss me
And it all went away
The pain of watching you deny me
I've fallen again
Inside

And I wither away and die
Tomorrow's just another day to cry
I wither away and die
Clip my wings
Without you I can't fly
And I wither away and die

I can't get away from myself (So far)
I can't get enough of your love (I can't escape)
I can't get away from myself (So far)
I can't get enough of your love (I can't escape)
I can't get away from myself (So far)
I can't get enough of your love (I can't escape)
I can't get away from myself (So far)
I can't get enough of your (I can't escape)

And I wither away and die
Tomorrow's just another day to cry
I wither away and die
Clip my wings
Without you

And I wither away and die
Tomorrow's just another day to cry
I wither away and die
Clip my wings
Without you I can't fly

And I wither away and die
Tomorrow's just another day to cry
I wither away and die
Clip my wings
Without you I can't fly
Fly
Fly
Fly
Fly
Fly
