(VERSE 1)

I been feeling you for quite some time lately and I like
the way you look
Out for me baby
The way you talk to me things you showing it was like
your definetly made
For me
Up and down round and round
Your up in my head
Up and down round and round your up in my head

(CHORUS)

I'm just telling you how I feel now and I want you to
know that I got love
For you
I'm just telling you how I feel now and I want you to
know that I got love
For you

(VERSE 2)

Now let me tell you something
Not even telling you
I wanna show you something ohhh
Not even showing you
Up and down Round and round
Your up in my head
Up and down round and round
Your up in my head

(CHORUS)

I'm just telling you how I feel now and I want you to
know that I got love
For you
I'm just telling you how I feel now and I want you to
know that I got love
For you

(Bridge)

Boy I know your feeling me
It's about that time to stop the talking show me what
you need

And I can do it for you boy
If you let me be
Everything that you need yea
I don't mind
Wrong or right
I just gotta keep you in my world

(CHORUS)

I'm just telling you how I feel now and I want you to
know that I got love
For you
I'm just telling you how I feel now and I want you to
know that I got love
For you
