Blank face little girl  
Your colors running down  
It's the one you love  
Cry out my world, this copulated kiss  
It's the last that you deserve

I've done wrong  
I've been gone  
It's the one you love  
Drink down and your candles burn  
Away, away

Dreaming you, was so easy, yeah  
If it was up to me, then you would cry tonight  
If it was up to you

Take you, take me away  
I can't go with you now  
Don't you wish I'd try  
Left just a trace, it's growing colder still  
So kiss yourself goodbye

I've done wrong  
I've been gone  
It's the one you love  
One drink and your candles burn  
Away, away

Dreaming you, was so easy, yeah  
If it was up to me, then you would cry tonight  
When it's up to you, you kiss yourself goodbye

Let go, push your daisies  
A thousand maybes, a thousand left I'm done  
A white glow, just for tasting  
A life for wasting (it's the one you love)  
And I look into your eyes, it's the one you love

Last one then I fill you up today, today  
(How can you sleep)  
When dreaming you, was so easy, yeah

If it was up to me, then you would cry tonight  
When it's up to you, you kiss yourself goodbye  
You would cry tonight (yeah)  
So kiss yourself goodbye (yeah)  
You would cry tonight (yeah)  
So kiss yourself goodbye
