"Stay"

What can I do to make you think that I am just not over
you?
What can I say to make it right, again?
Where can I go to take a lost soul and get it safe again?
If I don't have you then I'm left alone tonight

Wont you stay, stay, stay
Don't let this slip away
Not today
Let you cut me down
You can run around
All over town
Just as long as you stay

When did I ever take advantage of your sweet desire?
How could you think that I'm so cold, to you?
Did I freeze you out of every situation?
You can drop the cards then I'm gonna fold

Wont you stay, stay, stay
Don't walk out on me today
Not today
You can cut me down
You can run around
All over town
Just as long as you stay (as long as you stay)

I wont be a lesson, I wouldn't be (as long as you stay)
When were good
Then were real good (as long as you stay)
You take my hand and you steal my heart
And honey, hearing that to you was just a start
You can kick me up, but you can't break us apart

Wont you stay, stay, stay
Don't walk out on me today
Not today
You could cut me down
Or you could stay, stay, stay
Don't walk out on me today
Not today

You could cut me down
You can run around
All over town
Just as long as you stay

Just as long as you stay

Yeah, you can run around
All over town
You get me up all night
I only wanna make it right

As long as you stay
