"Fixing to Live"

Visit "[Fixing to Live](#)" on MotoLyrics.com

And I feel like
I'm fixing to live again
To love again
I feel like I'm home

And I feel just like
I know myself once more
When you walked out the door
The feeling was gone

And the moral is us
It can only be us
Get down on one
So down low

And even a smile would
Probably mean a great deal
With problems with
No place to go, no

And I feel like I'm
Fixing to live again
To love again
I feel like I'm home

I feel like I'm
Fixing to live again
Fixing to love again
I feel like I'm home

And the moral is us
It can only be us
Get down on one
So down low

And even a smile would
Probably mean a great deal
With problems with
No place to go, no

Oh, oh
Yeah

And I feel like I'm a tree
With a lot of leaves
Plenty more of these
So won't you take some

And I feel like
I've come a long way you know
Still a long way to go
That's how it's done

And the moral is us
It can only be us
Get down on one
So down low

And even a smile would
Probably mean a great deal
With problems with
No place to go, no

And I feel like
I'm fixing to live again
To love again
I feel like I'm home

I feel like
I'm fixing to live again
Fixing to love again
I feel like I'm home

I feel like
I'm fixing to live again
Fixing to love again
I feel like I'm home

I feel like
I'm fixing to live again
Fixing to love again
I feel like I'm home
