(John Lennon/Paul McCartney)

To lead a better life,  
I need my love to be here

Here, making each day of the year,  
Changing my life with a wave of his hand  
Nobody can deny that there's something there  
There, running my hands through his hair  
Both of us thinking how good it can be  
Someone is speaking but he doesn't know she's there

I want him everywhere  
And if he's beside me, I know I need never care  
But to love him is to need him everywhere  
Knowing that love is to share  
Each one believing that love never dies  
Watching his eyes and hoping I'm always there

I want him everywhere  
And if he's beside me, I know I need never care  
But to love him is to need him everywhere  
Knowing that love is to share  
Each one believing that love never dies  
Watching his eyes and hoping I'm always there

To be there and everywhere  
Here, there, and everywhere
