I will follow him, follow him wherever he may go  
There isn't an ocean too deep  
A mountain so high it can keep me away  
I must follow him  
Ever since he touched my hand I knew  
That near him I always must be  
And nothing can keep him from me  
He is my destiny  
I love him, I love him, I love him  
And where he goes I'll follow, forever, and ever  
And side by side together, I'll be with my true love  
And share a thousand sunsets together beside him  
I will follow him, follow him wherever he may go  
There isn't an ocean too deep  
A mountain so high it can keep, keep me away  
Away from my love  
I love him, I love him, I love him  
And where he goes I'll follow, forever, and ever  
And side by side together, I'll be with my true love  
And share a thousand sunsets together beside him  
I will follow him, follow him wherever he may go  
There isn't an ocean too deep  
A mountain so high it can keep, keep me away  
Away from my love
