huh, I dunno what's the problem, baby  
but, eh...I just wish we could work it out  
wish we could do something about this

now, I can't keep from losing you no matter how i try  
baby, no, I can't keep from losing you no matter how i  
try  
no, I can't keep from losing you no matter how i try  
no matter  
no, I can't keep from losing you no matter how i try

I know we can, baby if we keep on  
please understand how i used to party girl  
I recommend that you let your hair down  
let's take a spin, girl I'll make it worth your while  
hopelessly loving the recipe for heartache  
ain't nothing girl that I wouldn't do for you  
but still I struggle even after hard days  
tell me baby that we won't have to part ways  
ways.

I can't keep from losing you no matter how i try  
I try  
I can't keep from losing you no matter how i try  
no matter how hard..how hard yeah  
I can't keep from losing you no matter how i try  
yeah yeah yeah yeah yeah yeah yeah yeah  
I can't keep from losing you

mmmmmm...I even bought you jewelry...jewelry  
mmmmmm...even silk and furs...furs  
yeah yeah yeah...somehow you seem to lure me, lure  
me, lure me, yeah  
in with gorgeous curls...in with gorgeous curls (have  
you heard?)  
mmmmmm...I can't keep from losing you no matter  
how i try  
baby, I can't keep from losing you no matter how i try  
try...I can't keep from losing you no matter how i try  
how I try, I can't keep from losing you

BRIDGE

Some how we got the wrong things taking up our time  
I doubt you even want me or want me in your life  
I asked so many times, still nothing  
and you don't seem to care  
so long I've been without your loving  
(have a destiny) we have a destiny

(I can't keep from...I can't keep from losing you)  
I can't keep from losing you no matter how i try  
(I can't keep from...I can't keep from losing you)  
I can't keep from losing you no matter how i try  
(I can't keep from...I can't keep from losing you)  
oooooo....I can't keep from losing you no matter how i  
try  
no matter how ....  
(I can't keep from...I can't keep from losing you)  
I can't keep from losing you no matter how i try  
(I can't keep from...I can't keep from losing you)  
I can't keep...  
try try try try try try evermore  
(I can't keep from...I can't keep from losing you)  
I can't keep from losing you no matter how i try  
I'm losing my girl, the one I'm waiting for
