I don't think that I want to die  
And for this I need a reason why  
When you humans act so funny and I need to fill my  
tummy  
I tried  
I lied  
I don't feel like a man today  
All good themes have been blown away  
I'm feeling kinda giddy and my mood seems kinda  
fitting  
I tried  
I lied  
But through the waves I'll find...  
Some peace of mind  
I don't know why I act this way  
Something seems to change from day to day  
When I'm feelin' kinda silly and my mood seems kinda  
fitting  
I tried  
I lied  
But through the waves I'll find...  
Some peace of mind  
I'll ride you out
