Jump up with ovation take it to the nation re-plant the  
plantation discredit all convention,  
Hypocrites - Bad politics,  
Ah with the hand, in the hand, of the man, in the stand,  
in command, with the gun in his hand, & the plan of  
world supremacy Â– corrupt authority.

Jump up to the show-down listen to the low-down, wana  
lift me up when I go to go down yeh, yeh  
I got shoots in my boots n IÂ’m gonna cut loose with a  
howl & a woop n a scoop oop dÂ’ oop so Â– so please  
donÂ’t shoot..  
Ah watch me boogaloogaloo as IÂ’m coming after you.  
YouÂ’re gonna feel the sensation of bones that IÂ’m  
breakinÂ’ I strip em like hit men I eat em like cavemen  
hhhhmmm delicioso..!  
IÂ’ve forgotten more things than I care to remember,  
your lies I despise manifesto agenda words, words  
words wordsÂ’

Words from the mouth like the spew that you spout so  
weÂ’re heading on up and weÂ’re heading on out over  
ground, yeh yeh  
Got a hoop and a hip an IÂ’m wiggling ma hip gonna  
give you some jip as I shoot from the lip my Zen Â– and  
take it round again..
