I am more than this flesh and bone  
By myself I wander the streets alone  
But when my dream is over and morning creeps on in  
I pull the covers back and I feel your warmth again

(chorus)

There is something inside  
That I can't explain  
But by the grace of God I  
Am made whole again  
In the times I have fallen  
And when I felt the shame  
Yet by the grace of God I  
Am made whole again  
In the times I have fallen  
And when I felt the shame  
Yet by the grace of God I  
Am made whole again

Sold in my pride I said I know  
So I bought the lie and chained my soul  
But mercy runs deep and seeks to fill  
An empty well of shadow that  
One day will reveal

(chorus)
