"Great Lengths"

Visit "[Great Lengths](#)" on MotoLyrics.com

Here I am once again
Pleading
To the sky
Kneeling to the sands shedding my
Regrets
Knowing You'll forget everything

(chorus)
Why didn't I go to such great lengths to
Try to please You
Instead I tried to please myself
In the end when your heart is broken
I see the folly of trying to please myself

I have not yet arrived
Seeing
Anything
Quiet my desires till they die
Until they die
Or align with Your will

(chorus 2x)
