"Last Breath"

Visit "[Last Breath](#)" on MotoLyrics.com

I'm not here to reform you
Nor am I here to take you away
I've been sent with a message
And now moving off in a south-bound parade

(chorus)
If this were my last breath
I tell you where I'll be
Then I'd ask you if you'd be there with me

Nobody knows how long you will be here
Still you hazard your faith
As my last day grows closer
I rest in the confidence I have been saved

(chorus 2x)

You don't know how long
And I don't know how long
