Chica you must understand
I ain't no boy, I'm a man
& it was the wine not the whisky that led me astray
you always had the command
had the world in the palm of your hand
but nothing within you could ever convince me to stay
Now how could I leave you this way
chica it's just for a day
I'll always remember the things that we done and we
said
The way we had sex all the time
chica let me suck yours you suck mine
chica bonita you've always a place in my bed
pero no me siento, no me siento

No me siento malo, no me siento malo
no me siento mal
por lo que ha pasado
pero no me siento malo, no me siento malo,
no me siento mal por lo que ha pasado

I walk the street every day
thinkin' of words I should say

she was a picture of Aphrodite
her hair all in curlers and red satin nightie
I think....maybe I should call her again
chica you're so much more than a friend
I still want your body, I still want your sex
and I ain't gonna settle for anything less

Pero no me siento malo, no me siento malo
no me siento mal
por lo que ha pasado
pero no me siento malo, no me siento malo,
no me siento mal por lo que ha pasado

Now I'm always dreaming
bout the things that we've done
how could I never ever live
without the permanent one
half the time I'm crazy

half the time I'm cool
I'm walking around in circles
In the middle of the room

I'm thinkin' I should ramble on.....
