I know you i know doubt what i am saying
You think that i've been deceived
To follow after what some old weak man's saying
It seems so simple that it's hard to believe
I can't understand why you would walk away from love
No i don't understand why you would walk away from
love
I just can't understand why you would walk away from
love
I'll never understand why you would walk away
Maybe i'm right and he's waiting at the table
Maybe it happened when i saw it was my sin
Maybe he's waiting for a chance to show me true love
Maybe you'll never get this chance again
I can't understand why you would walk away from love
No i don't understand why you would walk away from
love
I just can't understand why you would walk away from
love
I'll never understand why you would walk away
I'm a fool
So are you
I'm a fool
So are you
Maybe you think i'm a fool for what i'm saying
Maybe that's what i like you to think
Or maybe you're a fool to say you're a wise man
See the way you lose unless you meet with my king
I can't understand why you would walk away from love
No i don't understand why you would walk away from
love
I just can't understand why you would walk away from
love
I'll never understand why you would walk away from
love
