You came to me like my alarm  
I carved your first and last name in my arm  
Now I only wear black so maybe then you will see  
I'm just a shadow of what I'm not supposed to be  
You fuel my fire with your laughs and your frowns  
You call me a freak and join the circus you clown  
I heard a man say that I do it for attention  
I never thought of that but now that you mention...  
No I never drank blood before but I look like I might  
with my face painted white  
For just this once I wish you'd all just hear what I have  
to say  
For just this once I wish you'd all just turn and fade  
away  
But now-a-day's are different from way back when  
so hard to be yourself when your 4+10  
For the very first time I feel kind of special  
My mom says be normal yet she just got a facial  
My parents go away on their trip to Club Med  
Then I'll join your tour and be a real dead head  
I heard a girl say that I do it for attention  
I never thought of that but now that you mention...  
I spent my last ten bucks today on black hair dye  
You know dye rhymes with die  
For just this once I wish you'd all just hear what I have  
to say  
For just this once I wish you'd all just turn and fade  
away  
Hear what I have to say  
It doesn't matter any way  
It matters anyway  
It dosent matter anyway yayayay  
it maters anyway  
well phyco killer  
well ques que c'est
