you can take my hand, let's fly together,  
to the lovers land, where passion makes the weather,  
you can take my all, everything I own, everything..

Chorus:

I met you in my dreams and I loved you,  
just tell me you're real, 'cause I need you..  
..and I feel you, I hear when you're close to me,  
love is real, say that you believe me..

stars are shining brighter, night is getting whiter..  
waiting for a sunrise to open your eyes, your beautiful eyes,  
you can take my all, everything I own, everything I own..

Chorus

love you, love you, love you, love you, love you  
like no one loves you,  
I ain't gonna leave you anymore..  
[x2]

Chorus [x2]

I love you
