I know you suffered way too much  
You're so afraid of human touch  
Your love is pure, your love is bright  
But in the end it wasn't right  
Now you look into the mirror  
Try to fake a little smile  
Close the door to all your sorrows  
It's time

Refrain:

Erase it from your mind, erase it from your soul  
Erase it from your past, erase it all  
I'll be a better man, just let me show you that  
I'm gonna be your friend, I'm gonna heal your heart

It's time to leave, time to forget  
Let it go have no regret  
I'll help you leave it all behind  
I bring it back, your pretty smile  
Don't be sorry, don't be sorry  
We'll be together, we'll be fine all the time

Refrain:

Erase it from your mind, erase it from your soul  
Erase it from your past, erase it all  
I'll be a better man, just let me show you that  
I'm gonna be your friend, I'm gonna heal your heart

Bridge(2x):

I'll be there, there for you  
I'll be true, true to you  
All day, all night  
I'll be there by your side  
I'll stay close to you, I'll stay faithful  
I'll do all for you, all you ask me to  
All day, all night  
I'll be there by your side

Refrain:

Erase it from your mind, erase it from your soul  
Erase it from your past, erase it all  
I'll be a better man, just let me show you that  
I'm gonna be your friend, I'm gonna heal your heart
