Remember me
when we used to walk holding hands
feeling so in love
Remember me
remember summer time
and the nights when DJ's mixed your love with mine

I'll remember days walking in the rain
On my lips your name
Will you feel the same
I'll remember nights when the stars above
filled us up with love

(6x)
Where do you come from,
where do you go?

Remember me
when we used to walk holding hands
feeling so in love
Remember me
remember summer time
and the nights when DJ's mixed your love with mine

I'll remember days walking in the rain
On my lips your name
Will you feel the same
I'll remember nights when the stars above
filled us up with love

(6x)
Where do you come from,
where do you go?

Remember me
when we used to walk holding hands
feeling so in love
Remember me
remember summer time
and the nights when the DJ's mixed your love with mine

I will miss
Every touch Every kiss
When I'll be gone
far away for far too long

Remember me
when we used to walk holding hands
feeling so in love
Remember me
remember summer time
and the nights when DJ's mixed your love with mine

Mixed your love with mine
And the nights when DJ's just mixed your love with mine
