Sometimes I sit in lonely places  
Thinking of those distant faces  
And there's one that's always near  
Face I've chosen show so clear  
Love is real, love is real  
Love is real, love is real  
Love is real, love is real  
Love is real

Watch the clouds roll slowly by  
See this face up in the sky  
Sadly gazing and reflecting  
Things I've done with her respecting  
Love is real, love is real  
Love is real, love is real  
Love is real, love is real  
Love is real

The more I stare in real belief  
A smile appears within it's grief  
Spreads out there now I realize  
Real love has no time for lies  
Love is real, love is real  
Love is real, love is real  
Love is real, love is real  
Love is real

Da-da-da-da-da-da-da-da (Love is real)
