How can I keep on smiling at there disguise?
When I know nothing good ever comes from lies
My heart is no beginner
but still I can lose my temper

How can we keep on watching that fucking TV?
We're so bored we don't even care what we see
Takes our strength away
And never, never show us the way, no

But I think I know the answers

It's only mystery and I like it
It's only mystery and I like it
It's only mystery and I like it
It's only mystery

How can the banks of a river meet?
Sitting on her bed staring at her feet
She thinks life is water
And love, love is a river

but is a child the answer?

It's only mystery and I like it
It's only mystery and I like it
It's only mystery and I like it
It's only mystery

We could dream of a grand evolution
Where we wouldn't ask anymore questions
There will be no, no more pretenders
Use the love that I offer

Dreaming is not the answer

It's only mystery and I like it
It's only mystery and I like it
It's only mystery and I like it
It's only mystery

It's only mystery
It's only mystery
It's only mystery

Don't know nothing but I do know that it's a mystery
It's only mystery and I like it

It's only mystery and I like it
It's only mystery and I like it
