"Grace of God"

I am more than this flesh and bone
By myself I wander the streets alone
But when my dream is over and morning creeps on in
I pull the covers back and I feel your warmth again

There is something inside that my heart can't explain
But by the grace of God I am made whole again
In the times I have fallen and when I felt the shame
Yet by the grace of God I am made whole again

Sold in my pride, I said I know
So I bought the lie and I chained my soul
But mercy runs deep and seeks to fill
An empty, hollow shadow that one day will reveal

That there is something inside my heart can't explain
But by the grace of God I am made whole again
In the times I have fallen and when I felt the shame
Yet by the grace of God I am made whole again
Whole again

There is something inside my heart can't explain
But by the grace of God I am made whole again
In the times I have fallen and when I felt the shame
Yet by the grace of God I am made whole again

Whole again
Whole again
