"Merry Go Round"

Didn't I just see your face
Last time that I was here
Weren't you standing in that place
Was it you or me that disappeared?

Did you tell me about your problem
Did I offer a solution
Maybe I could help you out
In the coming revolution

But I don't understand
When I reach for your hand
Why I can't hold it long

But you're hurting inside so I'll get off this ride
'Cause I don't want to be just another horse on the
merry go round
I'm starting to see another course
It's time I got down

Didn't know when I bought this ticket
To ride life's carousel
That I would be more than a minute
Gone away from the one I love so well

I was drawn to the main attraction
Mesmerized by it's appeal
Now it's all become distraction
How can I return to what is real

Still I don't understand
When I reach for your hand
Why I can't hold it long

But you're hurting inside so I'll get off this ride
'Cause I don't want to be just another horse on the
merry go round
I'm starting to see another course
It's time I got down

I don't want to be just another horse
On the merry go round

I'm starting to see another course
It is time I got down, yeah

It's time I got down
It's time I got down
It's time I got down
