Everybody in this place can up and move away  
For all I care this town's already dead and empty  
I'm told that I'm a victim of obsession, that's what my  
friends say  
Oh, I'm a fool for having ever let her tempt me

Well I turn pale when she walks by, I am lost in her eyes  
She is always on my mind, she is always on my mind

She glances over but she keeps on walking down that  
street

All I can do is hope that she is thinking of me  
If I could blink, if I could breathe, if I could get my legs  
to move  
Well this could be the day I get this girl to love me

Well I turn pale when she walks by, I am lost in her eyes  
She is always on my mind, she is always on my mind

She had turned from a sound, well I must have cried  
out loud  
She is always on my mind, she is always on my mind

If I could blink, if I could breathe, if I could get my legs  
to move  
Well this could be the day I get this girl to love me

Well I turn pale when she walks by, I am lost in her eyes  
She is always on my mind, she is always on my mind

She had turned from a sound, well I must have cried  
out loud  
She is always on my mind, she is always on my mind  
She is always on my mind, she is always on my mind
