It was all his fault/introduce me to know it all and uh...
(stand apart)

Ah, well, by the time they started showing up/I ran the
risk of blowing up

These times, these times get tough

So if I stay were gonna see who's had enough

Say by the time I needed backing up/ yeah he was
watching cracking up

This time this time it's tough

But here I am and now I think I've had enough

Stand back

Take that and that and that

You're always

Up to no good

Yeah you're always

Up to no good

Oh

Oh I was trapped in from all sides

Caught in a slew of nasty lies

No there is no escape

All them flailing arms and belly aches

Say when it all started comin back tonight

Boy did you run and hide?

Well, I guess that we all make mistakes

I guess I forgave you, didn't I?

OH Stand back

You're such a big brat

Yeah you're always

Up to no good

Yeah you're always

Up to no good

(Sam...)

Ohhwoooo...

Oh...

Oh...

Yeah you're always
Up to no good (good)
Yeah you're always
Up to no good (good)

Alright
By the time they started showing up
I ran the risk of blowing up
These times these times get tough
So if I stay we're gonna see who's had enough
(always, up to no good)
Say, by the time I needed backing up
Yeah he was watching cracking up (always, up to no
good)
This time this time its tough
Well here I am now and I think I've had enough

Stand back / Stand back
Stand back / you're a big brat!
