I've got all you wondering how  
Seeing as I'm not around  
Well, I got sick of all this  
Building me up just to cut me down  
If you've noticed  
I've been keen  
Saw some things  
I should have seen  
Don't want to be up, down, or anything anywhere in  
between  
I don't want to feel this way again  
Listen up, you go your way  
And I'll go mine  
I've got all you wondering how  
Seeing as I'm not around  
Well, I got sick of all this  
Building me up just to cut me down  
Don't try, I'm not coming back again  
Listen up, you had your chance  
Now I feel fine now  
Wondering how  
Seeing as I'm not around  
Well, I got sick of all this  
Building me up just to cut me down
