Well let me tell you I have seen
A monster age of seventeen
Who'll let you in to kick you out
And knows what love is all about

Well hey now girl, I see you walkin' by
A long ago you used to stop and talk
Now you just wink your eye
And I'm surprised

You look all grown up
A champagne glass next to a paper cup
I stopped you just to say it
Hey now girl

Her tongue is black haven't you heard
Her mutter those three dirty words
For all those foolish boys to hear
Like a siren bringin' ships so near

Well, hey now girl, I see you walkin' by
And I remember how you used to smile
Or how hard you used to try
It's in your eyes

And I'm in a trance
A winter chill next to a spring romance
I stopped you just to say it
Hey now girl, well, hey now girl

Well, hey now girl, well, hey now girl
Who let you out into this world?
Hey now girl
