All we did was talk about it
And all you ever said to me
Was how the accident was just a big mistake

And so you'll get around it
Making sure I'll never know
I guess we'll laugh about it in a little while

You took it all from me
All I could see
(Ahh, aah, aah)
Now the only scares that didn't stay were skin deep

You took it all from me
All I could see
(Ahh, aah, aah)
And now the only scares that didn't stay were skin deep

A flame there whispers gently
Swaying neatly in the wind
But when it swells and growls
Everything will singe

And now she's headed for this
One that you can't understand
And now we'll both receive
This on the other hand

You took it all from me
All I could see
(Ahh, aah, aah)
Now the only scares that didn't stay were skin deep

You took it all from me
All I could see
(Ahh, aah, aah)
And now the only scares that didn't stay were skin deep

You took it all from me
All I could see
Ahh, aah, aah

You took it all from me
All I could see
And now the only scars that didn't stay were skin deep

You took it all from me
All I could see
Now the only scars that didn't stay were skin deep

I'll keep the pain I have bottled inside
But that doesn't mean that what you did was alright
