I'll light the fire, you place the flowers
In the vase that you bought today
Staring at the fire for hours and hours
While I listen to you play your love songs all night long
for me
Only for me

Come to me now and rest your head
For just five minutes, everything is good
Such a cozy room the windows are illuminated
By the evening sunshine through them fiery gems for
you
Only for you

Our house is a very very very fine house
With two cats in the yard, life used to be so hard
Now everything is easy 'cause of you

Our house is a very very very fine house
With two cats in the yard, life used to be so hard
Now everything is easy 'cause of you

And I'll light the fire and you place the flowers
In the vase that you bought today
