Two feet of mine  
Have been mislead  
Across this dirty street  
By hanging heads  
Get yourself together  
Isn't that what they said  
You should stop walking through the city  
With the living dead

It's no use  
Go run and hide  
You can't escape this  
Sea of sunken eyes  
You know  
We got the look  
We got the push  
We got the pull  
Now  
Who do you think  
Is gonna rise when  
Hell is full

Don't ask for trouble  
You'll get double

Stop that shouting  
There's no use howling  
Those good old days  
Are dead and gone  
If you don't know  
what's going on  
get with it man  
get with it

here's some advise  
don't loose your head  
that's what you get for  
sticken' out your neck  
you know  
I got myself together  
Just like you said

I'm conquering this city  
With the  
Living dead

Stop that shouting  
There's no use howling  
Those good old days  
Are dead and gone  
If you don't know  
what's going on  
get with it man  
get with it

Stop that shouting  
There's no use howling  
Those good old days  
Are dead and gone  
If you don't know  
what's going on  
get with it man  
get with it
