Mother loaned the car to me,
I'll pick you up if you are free..
we'll drive for miles,
we'll drive across town,
we'll drive with all the windows down.
The hours pass as the wheels go round,
and there's no time, no time like right now.

so if you'd like to, I dare you..
give the slip to..
your parents I would like to get to know you,
what are we waiting for?

the view from off your balcony..
is lights as far as we can see.
I'll take you down your deep dark street
and we'll glow inside of our city
your heart is fire and mine is cold
when we're together its
rock and roll.

so if you'd like to, I dare you..
give the slip to..
your parents I would like to get to know you,
what are you waiting for?

What are we waiting for x 4

They paved these streets for you and me
beyond each little turn we take
awaits a different destiny

so if you'd like to, I dare you..
give the slip to..
your parents I would like to get to know you,
what are we waiting for?

Said if you'd like to get closer
I'm seconds from coming over
If you'd like to see me some more
meet me at your back door.

What are we waiting for x 9
