Somewhere in time
We'll be together
Have we ever met?
Yesterday I'll remember
I opened my eyes and your
There by my side
Your hand in my hand
It feels just like forever

I know know some day we danced in the rain
AND I know we'll fly to the sun
And I know time will show me the way to you
This I know

Tomorrow will come
The past isn't ever
Only because
You are waiting for me
I've searched for so long
AND never forgotten
Strangers in love
Everytime that we meet

(Chorus)

We're lost in time
But not lost forever
I hear your voice
And it's calling my name
Today and tomorrow will happen again
Yesterday ended so that we could begin

(Chorus)
