A pyramid of gold

There's a tale about gold in the pyramid
I am so deep inside, maybe you're ... around
Just like our has awaited to be found
Like the gold in the pyramid
There's a tale about gold in the pyramid
I am so deep inside, maybe you're ... around
Just like our has awaited to be found
Like the gold in the pyramid

Come with me, you wanna trip the trance
Dance along, will bring your head
The way to the future, the world as gold,
.....
..... secrets, take the time
My snake Masiah hit

Let me know and then believe
Love is the future, love is the key
And ain't the..... love pain... chain
The more you grow up, the more you gain
Just gotta have the strenght to carry on
Only the weakest fall, go on
..... is the power the heart the key
..... me

Move on, then you gotta have a home
Remember the pyramid of gold.

Oh wait around, down
..... been , way to win
Till the end up forever together and stay
The age of break
Now the time that just can't wait
Fly away, you don't need no jet
Just go away with me, and see the miss
There is sand, there is sun
There is gold, there is fun
No matter where you go, the power protects the
pyramid of gold
And if you need to know the truth
That the first comes you
Just to make it clear to see

..... to make it free
