

Pharao "Temple Of Love"

Wonderland...Far beyond reality
But... so close to your heart.
The temple of love

I've been searching high and low for this feeling
Across the deep blue sea on my wings of gold
I'll show you things you've never seen before (Never
seen before)
Every wish you've been dreaming of
Will come true, come true in the temple of love
Uh oh oh

The temple of love (the temple of love)
Is the place to be (is the place to be)
Where we can come together
The temple of love (the temple of love)
Is the place to be (is the place to be)
Where we can live in peace and harmony

I'll find the place for you and me forever
Trust in me and all your dreams come true
I'll show you things you've never seen before...
