We got the key to make you feel allright
We got the key to dance away the night
To dance away the night
..... night I feel good
Tonight all right how can I make it
Dancetrack the trance so hype
Dirty through ecstasy a new light
Groovin, dancin, so movin fight
Travel at the speed of sound
How can I relieve the key of dancers
Away the night let me hear the crowd
....the power through your veins
Screamin, pumpin, dancin through the
Start the of sound
On the board get not
Move your right

Then make you feel the vibes and dance
Can I hear the ground scream
Girl I'm playing my sound
