World's, world's, world's famous, world, world, world's famous

You're now listenin to Skateboard P and the Louis Vuitton Don
It's so unfair, so unreasonable, let's go

I musta hurt your feelings
Your temper hit the ceiling
You know I wanna talk to you
Oh, girl come on

But to maintain this livin'
'Cause God knows it's not given
You know I got a lots to do
Oh, girl come on

I know this part ain't pretty
But you know I been busy
That's why I can't talk long on the phone
Oh, girl come on

So honey if you with me
Know I'll look for your pretty
Face to smile when I get home
And when we make love you know it's gon' be amazin'
'Cause you're my

Number one
(Baby girl you and me)
Smash hit
(That's a hit to me)
Off the charts
(Look how she get to me)
(She may not be nothin' to you but she the shit to me)
Classic

Soon as I'm done
(Tell me how you love that)
I'm dashin'
(Number one can't put nothin' above that)
Home to hold your heart
(You deserve a verse from me)

(We gon' party like it's our anniversary, go)
And smash it

Didn't I just tell ya
That you're my Cinderella
My dream ball ain't fixed one sight
Oh, girl come on

Baby, you know I'd rather be where you are
You are my shining star
But last night that just wasn't right
Oh, girl come on

I know this part ain't pretty
But you know I been busy
That's why I can't talk long on the phone
It's hard for you baby girl come on

So honey if you with me
Know I'll look for your pretty
Face to smile when I get home
And when we make love you know it's gon' be amazin'
