I, never thought I'd come running back to you, but I did
Yeah, yeah
I never thought you'd take me back but you did
yeah, yeah, yeah, yeah, yeah, yeah

(repeat twice)

This time around, I ain't gonna let you down
This time around
This time around, I ain't gonna let you down
This time around

Never thought you'd come running
Never thought you'd come running
But you did, yeah, yeah
Never thought you'd come running
Never thought you'd come running
But you did, yeah, yeah

I never thought I'd come running back to you, but I did
yeah, yeah
I, never thought you'd take me back
But you did, yeah, yeah, yeah

This time around I ain't gonna let you down
This time around (repeat for three times)

Never thought you'd come running
Never thought you'd come running
But you did, yeah, yeah (repeate three times)

This time around I ain't gonna let you down
This time around (repeat twice)
