It's in the time of the change  
There's nothin' left to remain  
Lines without words  
A song and no tune  
Space in an emptiness  
In this silent room  
In this silent room

Uh... is she sorry now  
Uh... is she sorry now  
Uh... is she sorry now  
Uh... feelin' sorry now

Behind her eyes just a frame  
It's only mind playin' games  
Lines without words  
A song and no tune  
Space in an emptiness  
In this silent room  
In this silent room

Uh... is she sorry now  
Uh... is she sorry now  
Uh... is she sorry now  
Uh... feelin' sorry now
