Light up my life with a smile  
Every day  
I can tell you heaven is just a  
Breath away  
Deep within my heart, there's a love  
I feel for you  
And I want you to know, that you  
You don't have to walk around  
Feeling lonely, lost for lovin', when  
The sun goes down  
Cause I wanna give you what  
You need  
Let me inside

### CHORUS

I'll show you the way to love uh huh  
Uh huh  
I'll show you the way to love uh huh  
Will you let me inside?

All of my life I believed love  
Was true  
And the pictures in my mind, they  
Were only of you  
Let me be the one to hold you safe  
In my arms  
When the magic is won  
Then you, like a fire in the night  
We can feel the heat  
And it's going deep 'till it melts  
Away, all the cold  
Making everything right, will you  
Be mine?

### CHORUS

Love is the future  
You can throw your fears away  
Love is the past  
Love has brought us to this  
Day, baby  
Time won't keep waiting

For an answer from your heart,  
To love

CHORUS
