Woke up on the wrong day-searching for my k-9
Fell down in the street, rolled over and jumped a stop
sign
Saw you in the gutter and I just had to go-go
Piss on your dog-go piss on your bow-wow

Drivin' down the wrong street, rattled through the
subway
Couldn't find the sign and I couldn't see the k-9
Screaming out your window and I just had to go-go

Piss on your dog, go piss on your dog

Woke up on the wrong day-searching for my k-9
Fell down in the street, rolled over and jumped a stop
sign
Saw you in the gutter and I just had to go-go
Piss on your dog, go piss on your dog

Piss on your dog
