Death breathes inside me  
Walks through the halls  
Suicide ignites me  
Black shadows fall  
But I'm lost in my thoughts  
Alone in this fear  
The laughing jester mocks  
Because my times almost here

I'm nothing anymore  
Not part of the disease  
Extinctions at the door  
So disappear with me  
The time is now  
And the place is here  
Goodbye cruel truth  
HELLO DISAPPEAR

Now I stand at the edge  
About to take the leap  
My minds at it's end  
As the sickness starts to creep  
You were my life  
My lasting hope  
But the jester was right  
So he cuts the rope

I'm nothing anymore  
Not part of the disease  
Extinctions at the door  
So disappear with me  
The time is now  
And the place is here  
Goodbye cruel truth  
HELLO DISAPPEAR

I pledge allegiance to the flag of the United States of I  
don't give a fuck  
Bitches!  
And to the republic for which it stands  
One nation in denial of the mental slavery that they put  
their fucking

(Children through x3)  
With liberty and justice for nobody

I'm nothing anymore  
Not part of the disease  
Extinctions at the door  
So disappear with me  
The time is now  
And the place is here  
Goodbye cruel truth  
HELLO DISAPPEAR
